**VISAKHAPATNAM , 531019**

## SUMMARY

- Energetic Computer Science student passionate about innovation and problem-solving. Proficient in Python, Java, with strong algorithmic knowledge. Skilled in software development methodologies, adept at interdisciplinary collaboration. Quick to adapt to new technologies, eager to contribute to cutting-edge projects.

## PROJECTS

### ML : object recognition using open cv

- developed a real time object detection system using deep learning and computer vision.
- Improved system performance by tuning the parameters to ensure system deliver accurate results.

### personalized website of ai tools

- Collected different domains of Ai tools together using html , css and javascript
- Make Recommendations on Improvement based on user feedback
- Supervise Implementations of Recommendations

## EDUCATION

### Anil Neerukonda Institute Of Technology and Sciences (ANITS)

- Studying CSE( ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING)
- Joined on sep 2023

### Behara Polytechnic College

- GPA: 8,7
- Studied Computer Engineering (CME)
- 12/2020 - 05/2023

## TECHNICAL SKILLS

- |                   |                                 |
|-------------------|---------------------------------|
| • Java            | • Data Structures and Algorithm |
| • Html            | • python                        |
| • css & bootstrap | • kotlin                        |

## STRENGTHS

- |                   |                |
|-------------------|----------------|
| • Problem-Solving | • Smart Worker |
| • Quick Learner   | • Multitasking |
